

*December 18, 2009*

ITM Power plc, the energy storage and clean fuel company, is pleased to announce that it has achieved accreditation at its production facility for the following standards:

ISO 9001: Quality Management Systems

ISO 14001: Environmental Management Systems

BS OHSAS 18001: Occupational Health and Safety

Graham Cooley, CEO of ITM, commented:

“We are delighted to achieve accreditation for these internationally recognised standards and believe that this achievement is an indication of the way that the Company is now managed and gives us a solid foundation for our manufacturing capability and product CE marking.”

ITM Power plc is also pleased to announce that it will be exhibiting at the Hannover Messe Expo from 19th to 23rd April 2010. The company will be showcasing, for the first time, a number of small and medium sized electrolyser products. The company will be entering into discussions with appropriate partners and distributors.
